1-Year Limited Warranty – Yves Chamberland

Limited Warranty – General Conditions.

Remorques Yves Chamberland Inc. offers a limited warranty for a period of twelve (12) months from the invoice date, exclusively to the original purchaser, upon presentation of the original invoice. This warranty covers only manufacturing defects and material defects affecting components manufactured at our facility. It does not include parts supplied by third-party manufacturers such as axles, couplers, jacks, hydraulic units, galvanizing, etc., which are covered by the respective manufacturer's warranty, where applicable. Springs are also excluded from this warranty.

For a warranty claim to be considered, the defective part must be returned to the factory (or to an authorized dealer) at the customer's expense. Prior authorization must be obtained from an authorized representative of one of our branches or from head office before any warranty repair is carried out.

This warranty does not include:

- labor, transportation, towing, or travel costs;
- loss of operation or use of the trailer;
- rental costs for a replacement trailer.

This warranty becomes null and void in the event of:

- overloading or abusive use;
- accident or product modification;
- unauthorized repairs.

With respect to galvanizing or paint, discoloration may occur if the trailer is exposed to salt, calcium, or other corrosive substances without adequate cleaning. These aesthetic alterations do not affect the structural integrity of the trailer and are therefore not covered by this warranty. It is recommended to rinse the trailer regularly with water after any exposure to such elements.

Remorques Yves Chamberland Inc. reserves the right to conduct a complete evaluation of its products.
